

# Neomounts®

Product lineup ISE 2024

The ongoing pursuit of emerging trends and the constant innovation in developing new solutions have resulted in an extensive array of new products across all main product categories.

### Desk mounts

Neomounts introduces a wide range of new **static** and **gas spring** desk mounts to complement the assortment even further. Elevate your workspace with the stylish, high quality NEXT | Lite, NEXT | Core and NEXT | One models that will transcend your expectations. The desk mounts offer a solution for **all screen sizes**, flat and curved, up to 49". All models feature black VESA plates for stylish integration with the screen and have **100% plastic free packaging**. The newest addition to the series is the NEXT | Slim line, for screens up to 35" and features single and dual screen gas spring mounts with topfix clamp/grommet for easy installation.

### Wall mounts

A completely new line wall mounts is added to the LEVEL wall mount series. Compatible with screens up to 98", the 750-series mounts are specifically designed for professional installers and are focused on **quick & easy installation**. The models feature a sturdy high-profile wall plate for secure and flat mounting, **despite uneven wall surfaces**. Next to these new models, various mounts from the successful LEVEL | 850 series are shown, as well as the **heavy-duty** 950 wall mounts that can support screens up to 110" and 125 kg and are available in both fixed, tiltable and full motion versions. All mounts are designed for fast and easy installation, featuring a magnetic pull & release system and spirit level.

### Tablet & laptop stands

A variety of **universal** tablet and laptop mounting solutions is presented. For 4,7-12,9" tablets, several stand and clamp solutions are shown. For laptops up to 22", compact, foldable models are presented. Due to their compact and lightweight design, these laptop stands are easy to take with you. Both the tablet and laptop mounts are **versatile in use** and contribute to creating the most comfortable and ergonomic viewing and/or working position.

These additions serve to complement and enhance the existing assortment available and answer new market needs and trends.

### Floor stands & trolleys

Various new collaboration solutions, ideal for offices, education and public areas, are introduced. Discover all about the MOVE | Go, MOVE | Up and MOVE | Lift trolleys and floor stands, that offer a great solution for screens up to even 110" and a maximum weight capacity of 125 kg. Both **manual** and **motorised** models are available in the MOVE series, as well as a motorised wall model. Additionally, a very practical **universal videobar kit** is added to the assortment. The versatile AV2-500 is compatible with various PTZ cams and soundbars, and most videobar types, including the Logitech Rally Bar series. For **maximum adaptability**, both the videobar support and the back-plate brackets can be independently adjusted in height.

### Pillar mounts

The innovative pillar mounts provide a convenient solution for securely installing flat screens onto columns **without compromising the structure**. These mounts accommodate cylindrical, square, and rectangular pillars with a diameter ranging from 25 to 100 cm. Ensure **enhanced security** by safeguarding your screens with the anti-theft screw or a padlock. **Effortless installation** is guaranteed with the ratchet clamp, while customizable bracket height and level adjustment ensure the perfect installation every time.

### More products

Neomounts offers, in addition to the products presented during ISE 2024, a complete assortment of **high-quality mounting solutions**, including ceiling mounts, video-wall and pillar mounts. Also dedicated solutions for e.g. healthcare are available. The **comprehensive assortment** of mounting products offers a suitable solution for any situation. Our mission is that you always experience the best and most comfortable viewing position while using your device.
