**Neomounts CL25-540WH1 Beamer ceiling mount - max 35 kg - h 60,5-90,5 cm - Easy Install-model - full motion - white**

The Neomounts CL25-540WH1 is a universal projector ceiling mount. Because of the high weight capacity up to 35 kg and the various adjustment options, this projector ceiling mount is widely applicable. The CL25-540WH1 has four extendable arms and the versatile tilt (+20°, -20°), rotate (360°) and swivel (+8°, -8°) technology, provides optimal placement of the projection on any canvas, screen or wall. The support is also adjustable in height from 60,5 to 90,5 cm.

The Neomounts CL25-540WH1 is equipped with an Easy-release system, which highly eases installation; (de)installation of the projector to the projector mount can be done in an instant and by only one person. In addition, the round pole allows easy installation to a suspended ceiling. Finally, the pole of the Neomounts projector mount can be tilted on the ceiling side, so that installation against a sloped ceiling is effortless. The fixation of the mount itself is sturdy and firm, therefore vibration free.

The cable management system of the CL25-540WH1 ensures the cables are neatly concealed, because they are routed through the pole of the projector ceiling mount.
